- Medicaid is a lifeline for millions of Americans, including half of all children who rely on #Medicaid to access to the health care they need. This leads to fewer hospitalizations & emergency room visits over the course of their lives. Who could want to cut this critical program?
- #Medicaid is the largest public insurance program for children, older adults and people with disabilities, but it does so much more than just provide health care access. It connects people & families to broader services and supports that help keep them healthier. #ProtectMedicaid
- #Medicaid covers services like preventive care, check-ups for kids, prenatal visits, emergency room care, chemotherapy, prescription drugs and more. It is essential that we fight to preserve these benefits this election to support the health of millions.
- #Medicaid ensures #HealthEquity by covering 6 in 10 people of color. This access is crucial for reducing disparities in health outcomes. Protect Medicaid in this election to continue supporting health equity in our communities.
- Research shows children covered by #Medicaid are more likely to graduate high school and earn a college degree. Together we can #ProtectMedicaid and invest in our children's future by voting in this election!
